

Vision

Westminster College London currently offers accredited TEFL/TESOL courses and ESOL classes. We believe in the value of sharing and providing quality learning experiences, not just in the services we provide but also in the way we support our people. Through superior provision, service, and original thinking and enhanced student experience we do not want to be the best but rather the only ones who do what we do.

Benefits of TESOL Certification

The English has become widely spoken throughout the world nowadays. Making English teachers very high in demand. Being TESOL certified can open all kinds of doors for you to see the world, experience other cultures, and promote cultural exchange. As you teach in another country, you will also be learning things yourself about these countries, their culture, and more.

There are 3 ways you can go about training for TESOL certifications: online courses, blended courses, and in-class courses.

Inside The Classroom

Education As Key

As an educator you have a unique role in having the opportunity to influence and make a positive difference in the lives of your students. Being equipped with practical knowledge and skills that you can apply directly to your learning environment can help encourage and empower students. When you are better able to teach with TESOL, students are more likely to learn and succeed in the classroom and beyond. When you thrive, so do your students.

The School Building

Course Overview

WCL TESOL course will introduce you to lesson planning, efficient teaching methods, teaching skills, classroom management, and correction feedback. Trainees will receive comprehensive training manuals which will cover all your needs. The WCL trainers are highly qualified and have been teaching for many years.

Through the years, we accomplished thousands of TEFL graduates from different countries and we will be able to outsource our newly graduates globally. We able to surpass the vision of our college.
